The Dance Corner's Lyrical Intermediate Intensive Camp offers a comprehensive, challenging program for the serious dance student. It requires a high level of commitment and dedication from all of its participants.

Lyrical dance is a fusion of ballet, modern and jazz dance. The steps and terminology that are taught in ballet, jazz, and modern classes are all taught during this class. Dancers work to connect their steps together with fluidity and grace. In addition, at this level, dancers focus on increasing their strength and flexibility

The goal of the Intensive Camp is to nurture, develop and challenge each dancer's technique as well as cultivate their self-expression and self-confidence.

The dance camp will be held at The Dance Corner studio.

The half day camp is from 9:00am-11:45am Monday to Friday. The Dance Corner reserves the right to cancel sessions due to insufficient enrollment.
