The Dance Corner Junior Hip Hop Intensive Camp offers a comprehensive, challenging program for the serious dance student. It requires a high level of commitment and dedication from all of its participants.

The one week session includes classes in Hip Hop which is a popular, high energy and fast paced type of dance. Students will warm-up and then learn isolations, challenging center work and traveling exercises. Combinations include funky footwork and arm moves that are of the style seen in current music videos, but are age appropriate.

The goal of the Intensive Camp is to nurture, develop and challenge each dancer's technique as well as cultivate their self-expression and self-confidence.

The dance camp will be held at The Dance Corner studio.

The half day camp is from 12:15pm-3:00pm Monday to Friday. The Dance Corner reserves the right to cancel sessions due to insufficient enrollment.
